

HawkGrips®

EMOLLIENT

SINGLE-USE PACKETS

- **First and only** single-use emollient on the market
- Ideal for IASTM and manual therapy
- Easy tear and application
- Addresses cross-contamination concerns

"Love it! These single-use emollients are perfect with today's elevated health concerns. They help keep both the patients and healthcare providers safe. Of all the manual fascia tools and emollients out there, HawkGrips is the best on the market."
