WHY CHOOSE HAWKGRIPS[®] CONTINUING EDUCATION COURSES?

- The most current research and information on IASTM techniques
- CEUs: Earn up to 12 CEUs per level!*
- Cost-effective: Up to 33% less per CEU compared to other IASTM courses
- Hands-on learning: Over 80% of classroom time is lab-based
- Case study-based, with real life scenarios
- No strings attached! We do not require attendees to purchase our instruments, nor do we require those who purchase our instruments to attend our courses
- Top-quality instructors (based on attendee feedback)
- Detailed, full-color course manual provided to each attendee to keep
- Course attendees can receive up to 20% on HawkGrips instruments
- Unrivaled customer service!

**CEUs vary by state and profession*

***Registration discounts available for registering for Level I and II together. Student and military discounts also available.*

HOSTING OPTIONS

HawkGrips handles registration, instructor arrangements, course materials and all other expenses related to the course. Two hosting options are available to meet the specific needs of your facility.

SEMI-CLOSED COURSE

- Course registration open to the public, exclusive pricing for host attendees and host affiliates
- All attendees register through hawkgrips.com
- Registration fee is per attendee

CLOSED COURSE

- Course registration open only to host facility staff and students
- Flat-rate fee for the course

BENEFITS OF HOSTING A COURSE

- Be listed on the HawkGrips website and associated course marketing materials
- Showcase your organization and its dedication to quality continuing education
- Provide your employees or students with a great opportunity to attend a sought-after course (and earn CEUs) without the additional burden of travel or time off.
- Certifications help set you and your team apart
- Receive free registrations* for members of your staff/students

**Free registrations are available for open courses only, and are based on number of attendees.*

HOST SITE REQUIREMENTS

- Classroom and lab space for a minimum of 20 attendees
- One treatment table/plinth per 2-3 attendees
- Cleaning cloths/spray, and towels for cleaning tables and instruments
- Towels or sheets for draping
- Audio-visual equipment
 - Minimum 8-foot projection screen
 - LCD projector

See what others have said...

"This is an awesome course! Saw immediate, positive results during the hands-on sections. The instructor had a vast knowledge of the applications that he applied in the course and in his practice. Excellent course for any therapist to take."

Patrick Weter, PTA | Swedish American Medical Center, Belvidere IL

"I attended the HawkGrips class and was very pleased with the organization of the information. The instructor was very knowledgeable and the techniques practical. I was able to return to clinic and put the techniques to use with several patients the first day! I was very impressed with the outcomes with implementing this in our clinic! So were our patients!"

Barbara Deering, PT, CLT-LANA, CAPP-Pelvic, CKTP | Florida Hospital Deland Sports Medicine and Rehabilitation, Deland FL

"HawkGrips has the superior product on the market for instrument assisted soft tissue mobilization. Comfortable, durable, and easy- to-use tools, accompanied with great product education and amazing customer service makes HawkGrips tough to beat."

Sue Falsone, PT, MS, SCS, ATC, CSCS, COMT, RYT | Owner, Structure & Function
